

DANDRITE Symposium
New frontiers in molecular and translational neuroscience

Open symposium
All are welcome

2nd December 2014, 13.15 – 17.00
The AIAS Auditorium (Building 1632)
Høegh-Guldbergs Gade 6B, 8000 Aarhus C

- 13.15** **Andreas Zembrzycki**
Molecular Neurobiology Lab, The Salk Institute for Biological Studies
La Jolla, California, USA
"Scale and scalability of sensory systems in the brain - Why (cortical area) size matters in development and disease"
- 13.45** **Carsten Pfeffer**
Howard Hughes Medical Institute (HHMI), University of California, San Diego (UCSD)
La Jolla, California, USA
"The Logic of Cortical Circuits"
- 14.15** **Coffee and refreshments**
In the entrance hall, ground level
- 14.35** **Sadegh Nabavi**
Center for Neural Circuits and Behavior, University of California, San Diego (UCSD)
La Jolla, California, USA
"Can Memories be Implanted and Then Removed?"
- 15.05** **Tom Baden**
Centre for Integrative Neuroscience (CIN), Bernstein Centre of Computational Neuroscience (BCCN), and Institute for Ophthalmic Research, University Clinics
University of Tuebingen, Germany
"What the mouse eye tells the mouse brain"
- 15.35** Closing remarks by DANDRITE director Poul Nissen
- 15.45-17.00** **Drinks and refreshments**
In the entrance hall, ground level

Please sign up for drinks and refreshments after the symposium, if you would like to attend before 1st Dec. (email karenb@mbg.au.dk)
