

INVITATION TO INFORMATION MEETING ABOUT

ODIN

– A PATENT FREE COLLABORATION PLATFORM

on Thursday 2 May 2024, at 10.00 - 11.00

iNANO Auditorium, building 1593-012

ODIN is pleased to invite you to an information meeting about the newly funded ODIN platform that facilitates and funds open and precompetitive research projects.

The ODIN platform is a patent free collaboration platform, where university researchers and industry join forces to co-create research projects that accelerate drug discovery and improve diagnostics. All results must be shared openly.

Come join our information meeting to find out more about:

- The open concept
- How you can propose ideas and source input and partners for project applications
- How academic researchers can apply for funding
- The NEW scientific scope – read more on our website <https://projects.au.dk/open-odin/scientific-scope>

You can register here: www.events.au.dk/odin-info-au24

We look forward to seeing you.
