

February 2024

Dear potential Grand Solutions applicant,

We are happy to share with you that the **Innovation Fund Denmark** will be visiting **Aarhus University** for an **information meeting on March 7, 13-14**, about the **Grand Solutions program 2024**, and you are invited. Please find the details below.

The Grand Solutions Program is funding ambitious research projects creating innovative solutions of value to Denmark with up to 40 mio DKK. In 2024, the Grand Solutions program will continue to invest within the politically designated themes: **Green technology and Innovation; Life science, health and welfare technology, including stem cell projects; Digitalisation, technology and innovation**. Like last year a fourth theme within **quantum technology** is expected. Find more details on [How Innovation Fund Denmark will invest in 2024](#). The calls are not open yet but will be announced on the [web page of IFD](#).

Are you interested in learning more? Please join the meeting:

What **Information meeting about the Grand Solutions program 2024**

When **7th of March, 13-14**

Where **AIAS, Høegh-Guldbergs Gade 6B, building 1632, room 201**

Who **Innovation Fund Denmark representatives**

After the meeting, research advisors from the RSO Grand Solutions specialist team will be available for a brief discussion of project ideas, consortia composition or other questions you may have in relation to your proposal and the application process.

Registration for the information meeting is not necessary, but if you have any questions, please contact the RSO contact Rikke Haugaard, haugaard@au.dk.

We look forward to seeing you!

Best regards,

Rikke Hartmann Haugaard
