

DANISH MICROBIOLOGICAL SOCIETY

INVITATION TO

DMS General Assembly & Symposium on "Microbial Interactions" Tuesday 12 March 2024

Aarhus University Conference Center, room M2
Fredrik Nielsens Vej 4
8000 Aarhus C

The Danish Microbiological Society cordially invites all its members to attend the annual general assembly and associated scientific symposium. The symposium is open to everyone interested and there will be a possibility for virtual attendance.

PROGRAMME

13:00 **DMS General assembly** (DMS members only)

1. Election of meeting chair
2. Annual report of the society's activities
3. Presentation of the audited financial summary for approval
4. Proposals from the board or from members
5. Election of the board
6. Election of financial auditor
7. Any other business

14:00 **Symposium "Microbial Interactions"** (open to all interested)

"Understanding plant root microbiota assembly in model plants and crops based on studies using complex bacterial communities"

Prof. Simona Radutoiu, Dept. of Molecular Biology and Genetics, Aarhus University

"Putting the 'ant' in antimicrobial"

PhD Student and winner of the 2023 Coimbra Group 3-minute-thesis competition, Ida Cecilie Jensen, Dept. of Ecoscience, Aarhus University

"Unusual lasso peptides and their biological activity"

Asc. Prof. Thomas Tørring, Dept. of Biological and Chemical Engineering, Aarhus University

16:00 **Close and social hour in "Studenterbaren", Studenternes Hus**

If you have topics you wish to discuss during the general assembly please send your suggestion to info@dmselskab.dk no later than Wednesday, 6 March 2024.

All members will receive an invitation mail with a registration link two weeks before the General Assembly.
