

Invitation to

# Open Meeting

on **waste management** in the new MBG building

**Have you also been wondering what happens to all the waste that we produce in the lab?**

- How is the waste taken care of in this new building?
- What types of waste can be sorted?
- How do we reduce the amount of plastic waste from the labs?

Then join our open meeting on waste management!

The open meeting is for everyone interested, so grab your colleague whether it is a student, PhD student, lab technician, post doc, PI etc. and join us.

When: Tuesday March 29<sup>th</sup> 2022, 13:00-14:00

Where: Faculty Club 8<sup>th</sup> floor (1870-816)

There will be served cake and coffee.

See you there,
