

# DANDRITE

## Symposium

- 13.00 Welcome by DANDRITE Director Poul Henning Jensen
- 13.15 **Dr. Katarzyna M. Grochowska**  
*Postdoctoral Researcher, Leibniz Guest Group "Dendritic Organelles and Synaptic function", Zentrum für Molekulare Neurobiologie (ZMNH), Hamburg, Germany*  
Talk title: The needs of a synapse - how secretory lysosomes serve synaptic proteostasis?
- 13.45 **Dr. Mari Sepp**  
*Postdoctoral researcher at Heidelberg University, ZMBH, Heidelberg, Germany*  
Talk title: Development of the Cerebellum Through an Evolutionary Lens
- 14.15 Break
- 14.30 **Dr. Shonali Dhingra**  
*Senior Researcher, Technische Universität Dresden, CRTD, Germany*  
Talk title: Hippocampal cognitive functions
- 15.00 **Dr. Fiona Elisabeth Müllner**  
*Senior postdoctoral fellow, Institute for Molecular and Clinical Ophthalmology Basel (IOB), Switzerland*  
Talk title: A tale of thalamic interneurons - and what they see

**Time:** 19 November at 13:00 – 15:30 (CET)

**Join online:** email [asmu@dandrite.au.dk](mailto:asmu@dandrite.au.dk) to obtain zoom-link
