

YoDa webinar: AI & literature search

scite_

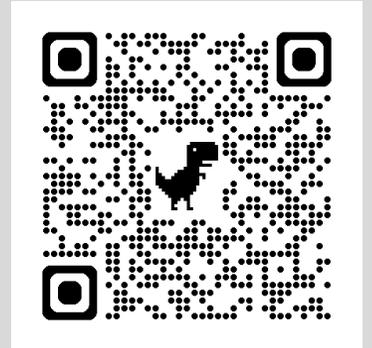

The library provides access to **scite**, an AI tool that enhances literature searching and citation analysis. In this webinar, **Anna Slyngborg (AU Library)** will deliver introduction how to effectively use the platform along with live demonstration.

You will learn to:

- Interpret Smart Citations (supporting, contrasting, mentioning)
- Explore literature with the scite AI Assistant
- Evaluate research more effectively with scite
- Build dashboards and visual citation maps
