

DANDRITE mini-symposium: Advanced Techniques in Neurobiology

5 Oct 2026 • Room 1253-211 • 13:00 – 17:00 • Host: Chao Sun

Guoqiang Bi

*University of Science and
Technology of China*

Cross-scale Analysis of the
Nervous System

Haiyan He

Georgetown University

Visual Experience Drives
Coordinated Waves of
Synthesis and Degradation of
Nascent Proteins

Gordon Wang

*Stanford University
School of Medicine*

Deciphering the Synaptic
Roots of Cognitive
Dysfunction

Yi Zuo

*University of California,
Santa Cruz*

Dissociating Hallucinogenic
and Neuroplastic Effects of
Psychedelics in the Mouse
Brain
